Art Unit: 3662

1. Claims 9-20 are allowable over the prior art of record as indicated in the previous Office Action.
2. Claims 1-8 and 21-28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

On line 3 of newly-amended independent claim 1, the use of the word "illuminating" is indefinite and unclear in context because it has no essential difference in meaning from the former use of "irradiating." Further, the use of "illuminated" in claim 1 as now amended is indefinite and unclear in context for the same reasons.

Line 3 of claim 1 as now amended means, "shining one light source on a second light source with the first image"; however, it appears that what is actually meant is, "shining a light source on an area within the first image" or, "illuminating an area of the first image with a light source."

Dependent claims 2-8 are unclear in that they depend from unclear independent claim 1.

Newly-amended independent claim 21 has the same problems with the words "illuminating" and "illuminated" as in claim 1, making claim 21 indefinite and unclear.

Dependent claims 22-28 are unclear in that they depend from unclear independent claim 21.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
